## THE BEST OF BOTH WORLDS

Recipes made with Ultragrain® flour look, cook, bake, and taste like recipes made with white flour, but have the added benefit of whole grain nutrition.

Ultragrain whole wheat flours are all-natural and give you the nutritional benefits of whole grains with the finished-recipe qualities of traditional refined white flour. Simply put, Ultragrain delivers the best of both worlds.

### What Makes Ultragrain So Good—and Good for You?

- Whole grain fiber, vitamins and minerals
- Delicious taste
- The texture and appearance of traditional white flour

### Made from Specially Selected White Wheat

We work with farmers to grow one of the mildest, sweetest varieties of white whole wheat. After harvest we mill the wheat to the same texture as refined white flour.

Thanks to our patented milling, Ultragrain has the fiber, vitamins, and minerals of whole wheat flour, with the taste, texture, and appearance of refined white flour.
