

Responsible Packaging

Consumers are increasingly interested in knowing that the products they purchase are **sustainable** throughout the value chain.

Packaging has an important role in protecting food throughout its value chain. We design our packaging to be effective and safe, and to protect the food product before consumption. Optimal packaging, which is fit for purpose in all stages of the food value chain, establishes a good base for a low environmental impact.

SAVADAY® by Chinet® molded fiber tableware

- Made from 100% recycled material and 100% compostable
- SAVADAY® cafeteria trays hold up to the heaviest of wet and dry foods
- Available in traditional rectangular shape and new round plate
- Round plate mimics shape of dishware used at home, teaching portion control
- Drink compartment in the middle of the round tray helps prevent bending
- Shrink-wrapped packaging and smaller packs provide easier handling and reduce costs by allowing higher volume per truckload and reducing freight cost
- Made in the USA

21032 Savaday® by Chinet® Molded Fiber 5-Compartment Cafeteria Tray
