

Why Serve Students Whole Grain?

Whole grains are an essential part of a healthy diet. The 2015-2020 Dietary Guidelines for Americans from the U.S. Dept. of Health and Human Services and the U.S. Dept. of Agriculture recommends that Americans eat six ounce-equivalents of grain daily, and replace refined grains with whole grains¹.

Mondelēz International has several products that offer the goodness of whole grain, with the taste and flavor customers have come to expect from our great brands!

Whether as an accompaniment to fruit and yogurt for breakfast
