As Clean Label gains momentum, it's important that consumers understand it. In Clean Label surveys with operators and consumers, **No Artificial Ingredients & No Antibiotics Ever** qualifications were among the highest ranked attributes.

Consequently, the Tyson Foods K-12 team is transitioning all our delicious Tyson branded K-12 commodity eligible chicken products to No Artificial Ingredients and USDA Process Verified claim of Chicken Raised with No Antibiotics Ever for School Year 18-19.

The term "Clean Label" resonates differently among consumers who want to know where and how their products are made and what ingredients are in them.

All Natural\* products are minimally processed, no artificial ingredients. ©2017 Tyson Foods, Inc. Trademarks and registered trademarks are owned or used under license by Tyson Foods, Inc. or its subsidiaries.

Products that promote **nutritious eating** while delivering the **taste kids love**

AdvancePierre™ offers a wide variety of products you need to increase ADP. From proteins to peanut butter and jelly sandwiches to Salisbury steak, we have the product line diversity that is unparalleled in the school channel.

We offer menu items that are high quality, nutritious, and most importantly, deliver the taste kids love!
